RE: Bamaco Inc. Disaster Recovery Services

This is official notice that as of 7:00 PM 05/07/09 Bamaco Inc. under the direction of Project Manager Brian Mitchell has completed all storm debris removal for Calloway County KY. The work performed during the cleanup of the debris removal from an ice storm in the latter part of January 2009 has been exemplary! The contractors worked very hard to stay within FEMA guidelines and regulations. All work performed was on a professional level. Any problems that occurred while the work was being done were handled immediately with respect to all parties involved. I would highly recommend their company for any future disasters. On behalf of our staff and the Commonwealth of KY, I, Larry D. Callihan would like to express my deepest gratitude and thanks for a job well done. We wish you the best in your future endeavors.

Sincerely,

A handwritten signature in blue ink that reads "Larry D. Callihan".

Larry D. Callihan
