To Whom It May Concern;

Re: Kentucky Ice Storm 2009, Christian County Debris Operations for the Kentucky Transportation Cabinet

This letter of recommendation is being written to commend Joe Holloway and staff for the exemplary efforts displayed during our response and recovery from the crippling ice storm we recently faced. During your company's contract and performance period in Christian County, many milestones were reached which contributed to an expedient operation.

BAMACO Inc. immediately responded and commenced debris cleanup operations in Christian County on February 19, 2009. As crew forces were increased, production levels steadily increased over the next five weeks.

In closing, we would like to add that it has been a pleasure to work with each and every one of you. We feel based on your company's performance and the manner in which the job was executed; we are well on our way from recovering from this devastating event.

Please feel free to have anyone who may find themselves in a similar disaster situation to call me for a reference.

Sincerely,

Chuck Chambers
Christian County
