To Whom It May Concern:

Re: Recommendation Letter

A major ice storm occurred in Hartford, Kentucky on January 27, 2009. No such catastrophe causing such wide spread damage can be remembered in our town. Bamaco started picking debris up for us on February 7, 2009 and finished on March 31, 2009.

It is with great pleasure that I recommend Bamaco, Inc. for debris clean up. I feel the City could not have been as successful within the time frame that Bamaco has provided us with.

Gene Brown and Jim Woods have been very cooperative to work with in every aspect of their operation. Their experience with disasters guided our City with its success and returning our City back to normal circumstances. Our residents have been very complimentary to their efforts of our clean up.

I truly recommend Bamaco, Inc. for any clean up needs.

Sincerely,

Charlotte Hendricks
Mayor of Hartford, KY
