To Whom It May Concern:

Please accept this letter of recommendation for Bamaco Inc., in the area of Debris Removal. The City of Clute, Texas 77531, hired Bamaco Inc. a few days after hurricane Ike to assist in the cleanup of our City. Clute is a population of nearly 11,000 with approximately 2600 residential homes.

The expectations from the City of Clute were for Bamaco to remove debris such as vegetation material and /woody (tree's and branches), and a final pass to remove construction and demolition material (C&D). The job performed by Bamaco was above and beyond those expectations. The company was a pleasure to work with, their employee's polite and supervision quick to respond to any areas of concern.

Mr. Gene Brown remained in contact with my office several times a day for any additional requests from the city and made sure that Bamaco fulfilled all terms of their contract in a quick and timely manner. I would highly recommend Bamaco for your city if and when the time for debris removal became necessary.

If any additional information is needed please feel free to contact me personally at the numbers listed below.

Sincerely,

A handwritten signature in blue ink that reads "Mark S. Wicker".
