June 1, 2009

Rick Headrick & Michelle Mitchell  
Bamaco

An F-3 tornado hit Corydon on March 28, 2009. Our community was devastated with debris and loss, fortunately without any injuries or deaths.

Our gratitude goes to Bamaco, they mobilized in on the day after the tornado hit, and brought crews to help people and our community clean up after the storm. They opened up the right-a-ways to our city streets, and hauled big limbs and trees to our dumpsite.

The City of Corydon highly recommends Bamaco as to their performance and timely efforts helping bring our community together after our state of emergency was declared.

Sincerely,

  
Mayor
