Mr. Ryan Mitchell
BAMACO, Inc.
6869 West Highway 100
Bunnell, Florida 32110

Dear Ryan,

I wish to thank you for the outstanding manner in which BAMACO and more specifically you completed the task of removing the debris from the City of Kennett. The spirit of cooperation and support was without fault. The daily coordination with the City Project Manager and Monitors provided a most expedient service.

The quality of workmanship was also excellent. Many citizens have commented about how pleased they were that once the debris was removed from their property you could hardly tell the haulers had been there. It speaks well of BAMACO and the companies with which they contract.

I really hope that I do not need your services in the future. However, if I do, you will be the first that I will call.

Sincere thanks,

Roger Wheeler, Sr.
Mayor
