Robert M. Mitchell, President
Bamaco, Inc.
6869 W. Hwy 100
Bunnell, FL 32110

Dear Mr. Mitchell,

I'm writing to express my satisfaction with the job performance of Bamaco, Inc. related to the ice-storm debris cleanup. I am impressed!

Bamaco was selected because you tendered the low bid, and I have to say I had initial concerns about working with an out-of-state company.

My fears were quickly put to rest when Pete Gonzalez showed up with the crews he promised the first day we were scheduled to work. The crews worked quickly, efficiently and exceeded all my expectations.

We have received numerous calls from residents complimenting Bamaco's work. At the most recent public meeting the City Council thanked me for the job on debris removal – and they highly complimented your work.

I would hire your company again in a second. It's not that often that I allow contractors to use me as a reference, but I ask that you feel free to give my name and number to any community, you guys have earned it!

Respectfully,

David M. Cockrell
